## TWO RIVERS LAUNCHES ITS 2017-2018 MEMBER CAMPAIGN

Two Rivers Economic Growth has launched its member campaign for the new fiscal year and invites you to participate. Two Rivers—your local nonprofit economic development organization, has been serving the needs of Valley County for more than 20 years with the belief that northeast Montanans deserve stability, opportunity, and prosperity in their businesses, communities, and economy. Members of Two Rivers are Valley County's growth partners who share a common vision and mission. The vision: economic freedom and prosperity. The mission: to help make Valley County a better place to live, work, and play. Two Rivers plans on accomplishing its objectives by focusing on the following areas that are critically important to members:

- Business recruitment and expansion.
- Community infrastructure.
- Rural economic and community development.
- Advocacy.
- Membership.
- Public awareness.

Within these core areas, Two Rivers will work to create an environment that increases local jobs and tax base, retains and expands existing businesses, attracts new business, develops the downtown, and encourages collaborations and partnerships. Two Rivers is actively recruiting new members and volunteers as well as seeking renewal dues from existing members who want to help grow Valley County.

Joining Two Rivers Economic Growth is a great way to grow your business and community. As a member, you join other businesses and colleagues who are dedicated to ensuring the economic stability and growth of Northeast Montana.
